---------------	--	---

Clients are responsible for paying Town & Country for the spay-neuter package at the prices noted above. Payment to Town & Country is due at the time of services and requires a \$50 deposit when scheduling an appointment.

If your animal has health issues, concerns or has never seen a vet before, it is highly recommended to have a pre-surgical exam (at an additional cost). The exam is mandatory for animals that are 5 years and older.

Clients are responsible for Town & Country's additional fees for animals that are in-heat, obese, pregnant or cryptorchid (undescended testicle) and for the mandatory flea treatment if fleas are found on your animal.

Clients are responsible for Town & Country standing prices for other products, services or treatments beyond the scope of the spay/neuter package such as e-collars, microchipping, deworming, hernia repair, pyometra, blood work, ear mite treatments, tumor removal, etc.

Town & Country may offer supplemental pain management options at an additional cost for cats.

=====

I have read and understand the package and fees for my animal(s).
